WASHINGTON PILOTS ASSOCIATION

THIS MONTH'S PROGRAM

STABLE AND SAFE
FAA FLIGHT SAFETY FOUNDATION

Lt Jason Smith

Lt JG Tim Anderson AET3 Brett Lust

Lt Smith described the mission of the Coast Guard and how the CG coordinates its activities with Homeland Security, Border Patrol and other agencies.

These three young men did an outstanding job at our last CCPA meeting. One interesting tidbit: Lt Smith also flew Apache Helicopters before transferring from the Army to the Coast Guard. He made the transfer so that he could acquire a whole new set of flying skills.

Jim Macias, the new flight instructor at Rite Bros, attended an October safety breakfast. Jim will present a program to CCPA in February 2012.

We'll all remember Ken Hansen !

KEN HANSEN MEMORIAL

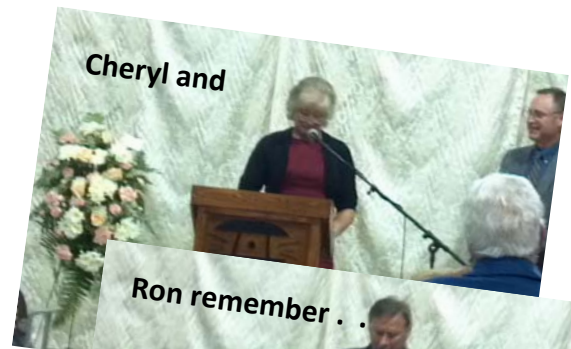

Held at Rite Bros Hangar, October 29, 2011

August 7, 1933—October 15, 2011

Over 300 folks attended

Cheryl and

Minutes CCPA Executive Board Meeting
September 7, 2011

Executive Board Meeting minutes of October 5, 2011 were approved.

The Treasurer reports we have \$2,458.87 in our checking account and we are up to date with WPA.

Tentative programs for upcoming General Membership meetings are anticipated to be:

- November 17th DVD – “Stable and Safe” Spatial Disorientation
- December Join EAA for Christmas Celebration
- January Galvin’s FBO Update – Skip Mosher

Dava is working with Skip Mosher with Galvin’s FBO to put on a program for CCPA. It will probably be WINGS qualifying and we will invite all pilots to attend. Not sure exactly what the program will be entitled yet.

We always need ideas/pictures for future programs and articles for the Newsletter/Wings. If anyone has any suggestions please contact any Board member.

A City of Port Angeles Representative suggested that CCPA attend City Council meetings to speak to the value of having a quality airport in our community. In particular, regarding the need to remove trees in the Lincoln Park to facilitate air-plane access to the Airport. We will develop some talking point in the near future. Gene will ask the membership to submit talking points in future newsletters.

Tim Riley is working on a CFI article for the next newsletter.

We are still looking into a cap and shirt logo patch. We should get a prototype from a manufacturer soon.

2012 WPA/CCPA dues are due. Gene will put a reminder in the newsletter and Mike will send out an announcement to all current members.

An enhanced taxiway centerline marking will be used at larger commercial airports like Boeing Field. The enhanced taxiway marking will consist of a parallel line of yellow dashes on either side of the taxiway within 150 feet of a runway holding position. The purpose is to warn the pilot that he is approaching a runway holding position mark and should be prepared to stop. See chapter 2 of the AIM for more details.

The FAA issued “Boeing Field Airport Traffic Control Tower Letter to Airmen No. 11-1”. The letter advises users of Boeing Field that between sunrise and sunset, the control tower is allowed to conduct simultaneous same direction operations to parallel runways for twin engine propeller aircraft and smaller. If you have any questions contact Kevin Lanier, Air Traffic Manager at Boeing Field Airport Traffic Control Tower at 206.658.6400.

Daylight Saving Time ends November 6th. Remember to change to UTC time...add 8 hours to Pacific Standard Time instead to 7.

Discussed Light Squared proposal that may interfere with GPS signals. We recommend that pilots monitor AOPA’s response and their need for funding to fight this proposal.

Gene will talk to Jim Macias (new CFI for Rite Bros) to see if he is interested in providing a program to CCPA.
