

Display your aircraft on General Aviation Day

We have room for some more aircraft in the GA Day Static Display area.

If you would like to bring your aircraft for GA Day, please send an email to **Jim Fries** with your:

- **Name**
- **aircraft make and model**
- **N number**

Jim's email address is jrfries@comcast.net .

Jim will reply to your email with further information about the static display location and specific instructions for arrival and departure.

The area will open to the public at 9:00AM Saturday May 15th and all aircraft will stay there until the show ends at 3:30PM.

Come join the fun and plan on being around your aircraft at least part of the time to answer questions and help promote General Aviation.
